

Advantages of a Corian Signature Seamless Shower

1. Corian will never need to be sealed. It is a maintenance free Product.
2. Corian's non-porous nature will not promote the growth of mold or mildew.
3. Water proofing is not needed unlike tile or stone.
4. Moisture has no where to penetrate as there are no caulking joints.
5. Light cleaning is all you need, (approximately every three months). For hard water issues abrasive cleaners and scotch brite pads are recommended.
6. Corian is made to fit any dimensions and can be installed in a one week turn around from final measure.
7. Corners are molded and coved; there are no seams between floor and walls.
8. There is a 10 year installed warranty, backed by DuPont.
9. The cost is comparable to tile.
10. There are over 120 beautiful colors to choose from, including the New Private Collection that gives you the look and feel of fine stone.
